[Sorry to keep bothering you, but would you happen to have an electronic copy of the AOC to which the EPA letter refers along with its attachments that you could also forward by e-mail.](#)

Kevin,  
Here's the Cost Summary you requested. There may be a little more confusion..., the attached file is the Cost Summary, but it's titled "Attachment A". The Notice Letters should include 2 attachments: the Notice Letter mailing list & the Cost Summary. So hopefully you have them all now. Reply if you need anything else.

Thanks, Jim. I did pass along the earlier e-mail to Rebecca and I will forward the EPA letter, as well. We got Mr. Pederson's number as well as the EPA's from your e-mail. Rebecca was hoping to get the cost summary that the letter notes as Attachment A. We thought it might be included with the "as-mailed" package. What actually came with the letter you e-mailed as Attachment A was the list of other PRPs which the letter indicates should have been Attachment B. The letter did not come with an Attachment B. If you can also provide the cost summary that would also be useful to us in our consideration of the letter. Thanks for your help.

Kevin,  
Rebecca Tankersley called my manager (Dick Pedersen) & said NL didn't receive DEQ's Notice letter or EPA's Notice Letter. I understand you received my e-mail with DEQ's Notice Letter. Please advise Rebecca that you have our letter & she can contact you for a copy. Rebecca also mentioned that NL hadn't received EPA's Notice Letter. I've attached EPA's letter. Please forward to Rebecca.

Thanks!

Here is the Oregon Department of Environmental Quality's Notice Letter you asked me to e-mail to you. Robert Graham should have received a hard copy of this letter Friday 5/5/06.
